One faith community, two worship sites

**LOVE ONE ANOTHER**

**Special alert from the parish office**

Late last week, the parish/school phone system began to act unreliable, causing sporadic outages. Over the weekend, it failed several times as our custodial and technology staff worked to bring it online. Monday, our service provider identified the problem and determined the system is no longer repairable. The phone system is over 20 years old and replacement parts are not easily available or economically feasible. Replacement of the entire campus phone system was a priority item identified by our Building & Grounds committee but work was put on hold due to a lack of finances as well as other pressing needs. A new phone system for our campus will be a significant

investment but it can no longer be ignored. We will work with our Building & Grounds and Finance Committee leadership to identify an approach as quickly as possible.

As of right now, we have 2 temporary working phone lines into the rectory office. During normal business hours, dialing 262-534-2255 will allow you to reach someone in the office. After hours, it is likely you will not be able to leave messages at this time or reach anyone.

Please be patient as we work through this replacement which will take some time. If you are unable to reach us by phone, we are monitoring email at [starectory@saintthomaswaterford.org](mailto:starectory@saintthomaswaterford.org).

If you have an emergency and need to reach someone after normal business hours, you can dial 219-689-5742 to reach Fr. Ed or 262-598-6515 to reach Blaise Beaulier. Please use for emergencies only.
